# Senior Magento Developer

Specialized developer with over ten years of experience in Magento, I am an expert in the design, implementation, and migration of e-commerce sites. My adaptability and technical expertise have enabled me to successfully lead complex projects for renowned companies. Visit [florianceprika.com](http://florianceprika.com) to discover my achievements.

## Experience

### 2023 - Groupe Cargo - Toulouse, FRANCE Lead Magento Developer

At Groupe Cargo, I orchestrate the evolution of cutting-edge e-commerce solutions, driving technological advancement and operational excellence. My role encompasses strategic oversight, fostering team growth, and architecting robust digital infrastructures that propel business success.

- Successfully led the migration from Magento 2.2.8 to Magento 2.4.6, including team coordination, detailed planning, and technical implementation, resulting in the successful launch of the new site
- Designed and implemented an innovative module for email marketing campaigns, sending personalized emails to enhance customer engagement.
  - Created a module for dynamic updating of job offers via a secure API, improving operational efficiency and data reliability.
  - Set up a development environment based on Docker, optimizing the developers' workflow and ensuring greater consistency in project development.

### 2021 - 2022 CLD Distribution - Bruxelles, BELGIQUE Lead Magento Developer

- Sole Magento expert responsible for the project
- Implemented product import system using Akeneo and Pimgento
- Developed custom API for seamless warehouse communication

### 2016 - 2020 Kurt Geiger - Londres, Royaume-Uni Magento Developer

- Developing APIs to facilitate a major migration to React
- Leading code review meetings to ensure best practices and code quality
- Modifying and improving the payment module
- Contributing to the migration from Magento 1 to Magento 2
